

LOSS 72,250,000 OZS.

WORLD SILVER OUTPUT

Total silver purchased at \$1 an ounce, net, by the government under the Pittman act, Jan. 1, to Mar. 24, amounts to 14,918,879 ozs. and a combined total to 44,526,879 ozs. since this order has been in effect, June 17, 1920.

The president of a large Mexican mining company (name not given) is credited by the Boston News Bureau with the statement that silver production in Mexico this year will "probably not be more than 20 per cent of what it was last year." This would mean 12,750,000 ozs. against more than 63,000,000 ozs. last year. It would also be equivalent to world output of 97,750,000 ozs. after estimating 5,000,000 ozs. as Canadian production, 52,000,000 ozs. in the United States and 28,000,000 ozs. by miscellaneous countries. Deducting U. S. A. output as secured for the U. S. A. Treasury, this would leave 45,750,000 ozs. for entire world consumption other than this country.

Total world silver output in 1919 was 174,517,000 ozs. and last year around 170,000,000 ozs. Record "high" yearly production is that of 1911, when it was 226,192,923 ozs.

Silver exports from this country for the first two months of this year (the most recent report of the Federal Reserve Board) are at the rate of 72,000,000 ozs. yearly.

The London silver market has held strong for the past week, advancing from 31 5/8 to 34 1/8 pence from 55 1/2 to 59 cents in New York equivalent. Chinese exchange rates have been advanced from 61 to 66 (taels) and Hong Kong from 46 to 50. These are about the best Chinese rates in more than two months.

Wheat crops in India are 85 to 95 per cent normal, according to Broomhall. Cotton yield is 3,556,000 against 5,845,000 bales 1919-1920. In 1918-1919 it was 3,671,000 bales.

Conditions in China are somewhat confusing at present, but emphasis in American newspapers about famine conditions are misleading, since last year's famine was confined to a comparatively small section of that country.

The Finance Minister of the Government of India announces that no provision has been made in the 1921 budget for the sale of Council bills but adds that "The Secretary of State possessed large sterling reserves, the transfer of which to India will keep him in funds for a long time." This factor should be favorable to a higher rupee rate.

Cotton import duties into India have been increased to 11 per cent, which is somewhat serious to Lancashire merchants. The excise duty remains at 3 1/2 per cent. This is almost revolutionary as far as India's interests are concerned.

Additional import duties into India are on motor cars, motorcycles, tires, silk piece goods, clocks, watches, musical instruments, alpine and other manufactures of gold and silver and amount to from 7 1/2 to 20 per cent.

CATTLE GOING TO OTHER RANGE

TUCSON, April 17.—Because of the continued absence of rains and the resultant lack of grass, many cattlemen of this territory are losing no time in moving their livestock to the valley pastures as a means of saving them.

Six hundred head of mixed cattle belonging to the Aravaca Land & Cattle company reached Tucson Saturday, being moved from the company's range to a section of the Tucson Farms company's land where pasturage has been secured.

The valley pasturage can only be procured at an extremely high figure, it was stated by G. A. Angulo, whose pastures adjoin those of the Aravaca company and who helped in the movement of the latter company's stock.

Mr. Angulo stated that while in Tucson he would purchase a large quantity of stock feed and as soon as he was able to secure available pasturage he contemplated moving his stock from their present ranges.

Many cattle are dying in the Aravaca district, Mr. Angulo stated.

BREAD LINES IN L. A.

SAYS DOUGLAS YOUTH

DOUGLAS, Ariz., April 19.—V. J. Shultz, Douglas boy, who was injured in a 2000-foot nose dive while at a government flying school in River-

side, Calif., during the war, will leave soon for Tucson, where he will take up a course of airplane motor mechanics in the federal vocational school at the University of Arizona. During his course the government will pay him \$100 a month.

Shultz has been in Los Angeles, returning from the California city Sunday. He reported that the city is over-crowded and thousands of unemployed are being taken care of by bread lines. Hundreds of American Legion men are in those bread lines. Shultz said, while the wealthy employ Jap chauffeurs. Despite the latter state of affairs the American Legion cannot complain about the way the members are being treated in Los Angeles, the local boy declared, adding that about half of the clubs in the city consider an American Legion card an open sesame to all of its activities.

ICE DEALERS NOTIFIED

TO SELL BY WEIGHT

PHOENIX, April 19.—With the approach of hot weather and the busy season for the ice man, the State Department of Weights and Measures is calling attention of ice dealers to Section 28 of the Weights and Measures Act, which, though short, is very explicit. It reads:

"Every person, firm or corporation engaged in the business of selling and distributing ice at retail, shall sell same by weight."

This means, according to State Inspector Dyer, just what it states, and the practice of selling ice by "guess" will not be countenanced by the department of city sealers of weights and measures. A note of warning is sounded to all sellers of ice to equip their wagons with scales and weigh the ice sold, so that the purchaser may get the exact weight he pays for.

Where the householder has no scales with which to re-weigh the ice purchased, Inspector Dyer sets forth the following rule for ascertaining the weight in pounds of a piece of ice of any given size:

Multiply the length by the width by the height (in cubic inches); then multiply the product of that by 9.322 and divide the result by 16. This will give the weight of the piece of ice in pounds.

250 MEXICANS ASK TO

LEAVE PILARES; 150

START; 70 GET HERE

DOUGLAS, April 19.—What was purported to be a band of 250 Mexicans, turned out to be only 150 and dwindled down to about 70, reached Agua Prieta yesterday afternoon on route to El Paso. The Mexicans were discharged laborers from the Moctezuma mines, who were being given transportation to El Paso by the company, from where they will be taken in charge by the Mexican government and sent to interior agricultural districts.

Rather than clothe and feed the men during the curtailment of operations in Pilares and Nacozari, the company offered free transportation to any of the Mexican employees laid off, and more than 250 asked for reservations. However, the day the train left Nacozari only 150 were at the depot. Enroute to Agua Prieta the train stopped several times for water or orders and each time it left behind a group of Mexicans. When it arrived only 70 of the 150 remained aboard.

William Thatcher, customs official, left last night with the few who returned to the train at Agua Prieta and were passed through the United States under bond.

DIPPING VATS ON

LINE MAY AID DOUGLAS

DOUGLAS, April 19.—Dipping vats on the line for cattle may be constructed at Agua Prieta if this provision will permit Sonora cattlemen to drive their herds across, it was announced at the chamber of commerce yesterday. Secretary Ely Martin has written Dr. Bray, inspector in charge of animal industry for this district to learn whether the construction of the vats will remove the restrictions placed on the west side of the track severed on the west side of the track severed in their opinion as to whether the dipping vats would change the status of this port so far as the driving of herds across the east side of the Nacozari railroad tracks is concerned.

POSTMASTER HELD

IN JAIL; DENIES GUILT

BISBEE, April 19.—Lon R. Bailey, Bisbee postmaster, was arrested yesterday as postmaster, and C. W. Hick's appointed acting postmaster, to take office beginning this morning.

The charge on which Bailey was arrested is a nominal one, the complaint alleging a shortage of only \$175, but it is reported that this is but one of the charges that will be filed against him, and that the total shortage in the postal savings funds runs into thousands of dollars.

The specific charge filed against Bailey yesterday has no connection with the robbery of the postoffice on the night of April 3, when \$40,000 in currency and several thousand dollars in postal savings funds were taken from the safe, according to federal officers.

Bailey was arraigned last night at 7 o'clock before James Allison, U. S. commissioner. Through his attorney, Alexander Murry, he demanded a preliminary hearing, which will take place before the U. S. Commissioner sometime next week. Bond was fixed at \$50,000 in lieu of which Bailey was placed in the custody of J. F. Wilmoth, U. S. deputy marshal. He was confined in the Bisbee city jail last night.

Bailey Denies Guilt. After being arraigned, upon being asked if he desired to make any statement for publication, Bailey said "You can tell the public that I am not guilty; that I am not the first man who has been arrested on such a charge who is not guilty."

Since the robbery of the Bisbee postoffice on the night of April 3, four postoffice inspectors, J. L. Cooper, C. E. Webster, E. D. Chance and W. G. Means, have been constantly at work on the affairs of the postoffice. Their investigations culminated in the arrest last night. That they have not solved entirely the riddle of the robbery of the night of April 3, they admit. The story is only half told, but it is probable that developments will follow fast, and the unravelling of remaining threads in the next few days will solve the whole mystery. The particular charge on which Bailey is now held, according to the inspectors, has no bearing on the robbery. It alleged that "On or about the 17th day of March, 1921, Lon R. Bailey, postmaster of Bisbee, did unlawfully and knowingly convert to his own use certain monies, to-wit: \$175 of the postal savings funds of the United States, which funds had theretofore come into his hands and under his control as said postmaster."

ENGINEERS ELECT

THEIR OFFICERS

PHOENIX, April 17.—Election of officers, reports from all chapters and clubs in the district represented in the convention and consideration of resolutions, occupied the main part of the Saturday morning session of the annual convention of the southwest district, American Association of Engineers, which closed its business sessions at noon Saturday.

Reports from the district representatives indicated that the association is in a prosperous condition and is interesting itself actively in questions of public welfare. Where clubs and chapters are established it is working enthusiastically and successfully to improve engineering ethics and to promote the interests of members and the general public.

FEDERAL OFFICERS

CONTINUE PROBE OF

POSTOFFICE ROBBERY

BISBEE, April 17.—Investigation of the robbery of the Bisbee postoffice continues, it having been determined, according to postal inspectors, that there are no discrepancies in the accounts or books of the postoffice, and that the loss is confined to the \$40,000 in currency, and several thousands in postal savings, that was stolen from the safe. Postoffice inspectors said yesterday that they still have a number of clues to follow up, and would give no indication as to the length of time they may be working on the case.

TOMBSTONE MAN GETS

HIGH LODGE HONORS.

According to word received in Tombstone today, John F. Ross, county attorney, who was in Bisbee today attending the grand lodge convention of the Knights of Pythias, was today elected Supreme Representative of the Grand Lodge of Arizona to the Supreme Lodge in San Francisco in August, 1922. This is the highest honor that can be bestowed upon a member of the lodge in the state. Mr. Ross also being Past Grand Chancellor of the Grand Lodge. He is a member of Border Lodge No. 25, of Douglas and has always been prominent in lodge circles in the state. Mrs. Ross accompanied him to Bisbee today and they expect to return home tonight.

The Grand Lodge bodies of both the Knights of Pythias and the Pythian Sisters convened in Bisbee yesterday. The evening session of the Knights was given over to the conferring of Knight rank to a class of five candidates, the work being put on by the Bisbee lodge, assisted by the grand officers. About 250 were present at the ceremony. Four of the candidates were from Bisbee and one from Douglas.

After the ceremony the meeting became a social affair, and the gathering was entertained by the K. P. quartet, composed of Blair, Hall and the Madden brothers.

The grand lodge will close this afternoon at 4 o'clock, unless unfinished business necessitates extending the meeting into Wednesday. After 4 o'clock the delegates will be guests of the local lodge on a tour of the district and points of interest. A banquet to grand lodge officers and delegates of Knights and Sisters will be given at 7:30 o'clock at the Odd Fellows Hall.

PROMOTER OF FAKE SCHEME

TO SECURE COLONISTS FOR

CANADA HAS GONE SOUTH

SAFFORD, Ariz., April 18.—Henry L. Miller, who came into considerable prominence in the Gila valley a few weeks ago, on account of a scheme which he promulgated to secure colonists to an alleged Socialist settlement in Canada, has shaken the dust of Safford off his feet, for a time at least. Miller went out one day last week on a cattle car on a shipment bound for Douglas, the home of Major George H. Kelly, where he may spend the summer. Mr. Miller had quite a meteoric experience in this valley.

He found plenty of joiners to his colonization scheme, and for a time it looked as though the beautiful Gila valley would be well nigh depopulated when the time for the exodus came, but just a few days before the date set for the getaway the entire plan was shown to be fraud. Miller was arrested on different charges, and put in some time in jail here, but the District Attorney didn't seem to be able to get anywhere with the case. He may have saved Graham county a little money, at that.

EXPRESS DRIVER IS

FOUND DEAD AT HOME

PHOENIX, April 17.—A. B. Phillips, 45 years old, was found dead in bed at his home, 1006 South Third street, yesterday morning about 11 o'clock by Barney Petty, a neighbor. Phillips had been ill for several days and was being treated by a physician for the smallpox. Petty said he had called at 9:30 o'clock and gave Phillips the medicine prescribed by the doctor and when he returned 45 minutes later he found the man dead. Coroner Henry J. Sullivan was called but did not hold an inquest.

NEW MARRIAGE LICENSE LAW

PHOENIX, April 18.—House bill

No. 59, the new law governing the issuing of marriage licenses in Arizona, which soon goes into effect, does not require the prospective bride to appear before the clerk issuing the license to swear to the truth of the statements in the application for the license. Attorney General W. J. Galbraith ruled today. Whether she is required to do so or not depends upon the clerk, he said.

The word "may" in the bill makes it optional with the clerk whether one or both parties swear to the truth of the statements in the application, Mr. Galbraith ruled.

PLAN TO BUILD

PAVED ROADS IN

GRAHAM COUNTY

SAFFORD, Ariz., April 18.—A plan to have a paved road in Graham county, through the very heart of the county from Solomonville to Pima at least and probably from Solomonville to San Carlos, was discussed at a meeting of about 30 representative men of the county, held in the court house one night last week. The plan, as figured out by Martin Layton, clerk of the Board of Supervisors, is about like this: Graham county will be entitled to \$50,000 in the recently passed omnibus road bill, and the State Engineer is expected to be able to match this with another \$50,000 from the Federal Government. In the bond issue of this county for \$250,000, voted last year, the bonds not having been sold yet, however, there is \$100,000 appropriated for this road. This sum matched with an equal amount as Federal aid to state highways, together with the sums mentioned, would make a grand total of \$200,000 available for this road. It is claimed with this amount a paved road could be built 15 miles of paved road at least.

The Grand Lodge bodies of both the Knights of Pythias and the Pythian Sisters convened in Bisbee yesterday. The evening session of the Knights was given over to the conferring of Knight rank to a class of five candidates, the work being put on by the Bisbee lodge, assisted by the grand officers. About 250 were present at the ceremony. Four of the candidates were from Bisbee and one from Douglas.

GAMBLING ONCE MORE

IN FULL SWING OVER IN

AGUA PRIETA HALLS

DOUGLAS, April 19.—With the return from Hermosillo of Presidente Pablo Gonzalez, gambling was re-opened in Agua Prieta saloons yesterday and the clink of silver dollars once more intermingled with the clink of whiskey glasses. All places formerly operated were again opened, although the first report was that the gambling concession would be under Chinese monopoly.

Roulette wheels, crap tables and blackjack games took in and paid out thousands of dollars yesterday afternoon and night. Familiar faces, which disappeared after the federal agents raided the gambling halls and destroyed the paraphernalia, were once more seen in Agua Prieta. From the amount of money which passed across the tables a stranger would have doubted that there had been any curtailment of smelter operations.

GOVERNOR POSTPONES TRIP TO WASHINGTON. PHOENIX, April 17.—Governor T. E. Campbell, who had planned to leave this week for the east, has postponed his departure until early in May as the most opportune time to present the reclamation claims of the west to congress. The governor will be a member of the delegation representing the League of the Southwest of which he is president, the Western States Reclamation association and the Colorado river commission, which will go to Washington in the interests of the western states.

The delegation will go east immediately following the meetings of the different associations, which will in all probability be held in Denver within the next two weeks.

DR. GUSTETTER NEW

HEAD OF DIRECTORS

TUCSON, April 17.—Prescott will be the convention city for 1922 of the Arizona State Medical association. Following considerable discussion this decision was reached at the annual business session of the doctors organization Saturday afternoon in the Masonic temple.

Officers to succeed the retiring staff were chosen in the same session with Dr. A. L. Gustetter, of Nogales, leading the list as president. Other officers chosen were: Vice president, Dr. H. T. Couthworth, Prescott; secretary, Dr. Smith; third vice president, Dr. Smelter, secretary, Dr. D. F. Harbridge, Phoenix; treasurer, Dr. Kennedy, Globe.

COMMITTEE TO MAKE MARSHALL WELCOME. PHOENIX, April 19.—Former vice president Thomas R. Marshall will reach Phoenix about April 23, according to advices received by the chamber of commerce. Mr. Marshall will spend some time with his relatives in Scottsdale.

A committee representing the chamber of commerce has been appointed to meet and welcome the distinguished visitor on his arrival in this city. The personnel of the committee is: C. H. Akers, Roy Wayland, J. D. Loper and E. L. Graves.

CAPTAIN RYNNING AGAIN

WARDEN OF STATE PEN

PHOENIX, April 18.—Capt. Thomas H. Rynning, warden of the state penitentiary from 1906 to 1912, and formerly a captain in the Arizona Rangers, was reappointed warden of the penitentiary today by Governor Thomas E. Campbell. Captain Rynning succeeds C. G. Powells, whose resignation was announced at the governor's office simultaneously with the announcement of the appointment of Captain Rynning.

INSPECT IMMIGRATION

CONDITIONS AT NOGALES

PHOENIX, April 18.—P. R. Milnes, state immigration commissioner, left Phoenix last night for an inspection trip to Nogales. While in the border city Mr. Milnes will investigate conditions under which Mexican labor is passed across the border.

OIL AGAIN

OIL STRUCK IN THE WATER WELL

Oil was struck in the water well being drilled on the Howard ranch, 12 miles northeast of Bowie, Wednesday of this week. The oil was struck at a depth of six hundred feet. It is not decided at this writing whether they will case off the water and bring in an oil well or not. We hope to get full particulars next week. Geologists and experienced oil men assure us that there is an underground lake of oil in the vicinity of the above named well. A standard well rig was installed in this oil basin some time ago by the "U. S." Oil and Refining Co., and a hole about 100 feet drilled. The company exhausted all the cash it had and work has been suspended for several months. It is hoped that sufficient funds will be raised to put a hole down in the near future. All that is needed is a small amount of capital and a competent driller.—Bowie Enterprise.

BOLD BURGLARS LODGED

IN SONORA BASTILE

NOGALES, Ariz., April 19.—With the arrest of William Corbin and J. Taylor, alias White, negroes, yesterday, by the Chief of Police Urias and his men of Nogales, Sonora, police officers on both sides of the border are of the opinion that they have in custody the master minds of a gang of Mexican and negro thieves, who have been operating in this section for some time.

STATEMENT OF THE OWNERSHIP

MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

OF Tombstone Epitaph, published weekly at Tombstone, Arizona, for April 1, 1921.

County of Cochise, ss.

Before me, a Notary Public, in and for the state and county aforesaid, personally appeared C. L. Giragil, who having been duly sworn according to law, deposes and says that he is the editor of the Tombstone Epitaph and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 462, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Publishers, Giragil Bros., Tombstone, Arizona. Editor, C. L. Giragil, Tombstone, Arizona. Managing editor, C. L. Giragil, Tombstone, Arizona. Business Managers, C. L. and C. P. Giragil, Tombstone, Arizona.

2. That the owners are: (Give names and address of individual owners, or, if a corporation, give its name and the names and addresses of stockholders owning or holding 1 per cent or more of the total amount of stock.) Carmel L. Giragil, Tombstone, Ariz.; Columbus P. Giragil, Tombstone, Arizona.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: If there are none, so state.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company, but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest, direct or indirect, in the said stock, bonds, or other securities than as so stated by him.

C. L. GIRAGIL, Sworn to and subscribed before me this 18th day of April, 1921.

M. FERGUSON, Notary Public. My commission expires Feb. 18, 1922.

Sworn to and subscribed before me this 18th day of April, 1921.
